Efforts to Future-proof ISDA Documentation Important Step for Derivatives Smart Contracts, says New ISDA/Linklaters Whitepaper ([Press Release](#) and [Whitepaper](#))

Work currently under way to standardize and formalize certain clauses within ISDA legal documents and definitions is an important pre-cursor to unlocking value in the derivatives market and realizing the cost and efficiency benefits of smart contracts and distributed ledger, according to a new whitepaper published today by ISDA and Linklaters.

PUBLIC POLICY

Europe:

[Brexit – CCP Location and Legal Uncertainty](#)

ISDA has published the first in a series of whitepapers that will consider issues relating to Brexit, and the potential impact on the derivatives market.

Japan:

Japan Monthly Update - July 2017 ([English](#) and [Japanese](#) translation)

Financial Law Reform:

[ISDA publishes paper on proposed expansion of BRRD moratoria powers](#)

The European Commission published amendments to its Bank Recovery and Resolution Directive at the end of last year, but these amendments – which propose to introduce two new moratoria powers – will put European financial institutions at a severe competitive disadvantage globally, pose significant challenges to financial stability, and introduce new levels of uncertainty into the recovery and resolution process.
